ABOUT ME

Graduate of the Department of Computer and Electronic Systems Engineering at International Hellenic University(Thessaloniki), with a background in software design and development, electronic systems, and information technologies. I possess strong analytical thinking, problem-solving skills, and adaptability to new technologies and demanding environments. Capable of working both independently and as part of a team.

EDUCATION

Computer and Electronic Systems Engineering, International Hellenic University | 2020–2025

ECCE MICHIGAN | 2017

State Certificate of Language Proficiency (German A1) | 2017

Global Intermediate IT Certificate | 2023

TECHNICAL SKILLS

Programming : C, C#, C++, Python, Java, HTML5/CSS, JavaScript, SQL, PLC programming

Network Knowledge : Industrial Ethernet, cabling, switchin, IP addressing, Transport(TCP/IP, UDP), Wireshark

Optical Fiber Termination

Άλλα εργαλεία: Git, MATLAB, AutoCAD

PROJECTS

Flood Protection System for an Underground Underpass with Remote Control

This project integrates knowledge of electronics, electrical engineering, networking, and programming (Schneider Magelis Touch Panel, Siemens LOGO! PLC).

WORK EXPERIENCE

CROSSTECH | November 2024 - September 2025

Comprehensive services related to electromechanical projects
