ABOUT ME

Graduate of the Department of Computer and Electronic Systems Engineering at the International Hellenic University (IHU) of Thessaloniki, with a background in software design and development, electronic systems and information technologies. I possess analytical thinking, problem-solving skills, and adaptability to new technologies and demanding environments.

Military obligations: Completed

EDUCATION

Computer and Electronic Systems Engineering, IHU Thessaloniki | 2020–2025

ECCE MICHIGAN | 2017

State Certificate of Language Proficiency (German A1) | 2017

Global Intermediate IT Certificate | 2023

TECHNICAL SKILLS

Programming : C, C#, C++, Python, Java, HTML5/CSS, JavaScript, SQL, PLC programming

Networking: Industrial Ethernet, cabling, switching, IP addressing, Transport (TCP/IP, UDP), Wireshark

Fiber optic termination

Other tools: Git, MATLAB, AutoCAD

PROJECTS

Anti-flood system for underground passage with remote control

A project that combines, among other things, knowledge of electronics, electrical engineering, networking and programming (Schneider Magelis Touch Panel, PLC Logo).

Personal Portfolio Website

Designed and developed a personal portfolio website using HTML, CSS and JavaScript, hosted on GitHub Pages. (paralikis.github.io)

WORK EXPERIENCE

CROSSTECH | NOVEMBER 2024 – SEPTEMBER 2025

- Participation in electromechanical projects and low/medium voltage installations
 - Installation, configuration and maintenance of fiber optic and structured cabling networks
 - Support for electrical installation projects and special systems
 - Installation of fire detection systems
-
